## **Space**

## **Something Corporate**

Home,

Is this the quiet place where you should be alone?
Is this where they're tortured and the trouble find their own?
I don't know,but i can tell this isn't you,your cover is blown.
Oh no, don't you dare hang up this phoneHey give me space so I can breathe
Give me space so I can sleep
Give me space so you can drown in this with meIn this place,

ie space so you can drown in this with ment this pr

A lonely escapade in outer space,

There's not antidote for irony you say

That yoy have, when you know that you don't

And you say that you care when you know that you won't. Hey give me space so I can breathe Give me spaceso i can sleep

Give me space so you can drown in this with meHey, give me space where I can breathe Give me space where i can sleep

Give me just one inch I swear that's all I needThese padded walls and TV screens Sometimes they make me want to screamHey give me spee so I can breathe Give me space so I can sleep

Give me space so you can drown in this with meHey give me space where I can breathe
Give me space where i can sleep
Give me just one inch I swear that's all I need
