

# Eye of the Beholder

[nano](#)

Your whisper seeps into my skin in the dead of night  
It cuts me deep beneath the cold like the ice of December

Been starved on your words for too long  
Drained up my soul like drought  
Just need a new motivation  
To keep this pulse from beating out

Been asking God where I went wrong  
The finger is pointing at you  
And now when there is nowhere to run  
I'll be the last one standing in the line of fire

KILL ME WITH YOUR EYES  
The world I see through you could make this hell look like heaven  
BREAK ME WITH YOUR LIES  
You've taken every tactic to reduce me to nothing

When the sun rises and the smoke dies  
All that's remaining  
When I open my eyes  
What I find is the innocence that lives inside

TAKE ME TO THE LIGHT  
Before the only brilliance disappears in the morning

A beauty sleeps (in the eyes of the beholder)  
A beast that hides (in the eyes of the beholder)  
A rose that cries (in the eyes of the beholder)  
A love that dies (in the eyes of the beholder)

Echoing like a curse in my ear  
Striking every hour  
The silence is deafening  
And keeps getting louder

Better than giving in to the noise  
That creeps in my head  
When midnight strikes

Nothing lasts

Been strained in your hold for too long  
Bleed through my soul like a flood  
Just need a reckless diversion  
To keep this life from falling out

Been asking God where I went wrong  
The finger is pointing at you  
And now when I'm walking the plank  
Your touch is what I need to set my world on fire tonight

**KILL ME WITH YOUR EYES**

The world I see through you could make this hell look like heaven

**BREAK ME WITH YOUR LIES**

You've taken every tactic to reduce me to nothing

When the sun rises and the smoke dies  
All that's remaining  
When I open my eyes  
What I find is the innocence that lives inside

**TAKE ME TO THE LIGHT**

Before the only brilliance disappears in the morning

A beauty sleeps (in the eyes of the beholder)  
A beast that hides (in the eyes of the beholder)  
A rose that cries (in the eyes of the beholder)  
A love that dies (in the eyes of the beholder)

In the line of fire

Nobody is hearing you now  
So release yourself and let your heart scream out  
In the end your faith will bring your soul to life

Nobody is stopping you now  
So release yourself before your time runs out  
Before the fire burns out

**KILL ME WITH YOUR EYES**

The world I see through you could make this hell look like heaven

**BREAK ME WITH YOUR LIES**

You've taken every tactic to reduce me to nothing

When the sun rises and the smoke dies

All that's remaining  
When I open my eyes  
What I find is the innocence that lives inside

TAKE ME TO THE LIGHT

Before the only brilliance disappears when the morning comes

A beauty sleeps (in the eyes of the beholder)  
A beast that hides (in the eyes of the beholder)  
A rose that cries (in the eyes of the beholder)  
A love that dies (in the eyes of the beholder)
