

Castles In The Snow (Com Truise Remix)

Twin Shadow

You're my favorite daydream
I'm your famous nightmare
Everything I see looks like gold
Everything I touch goes cold
Castles in the snow Here's all I know
Your checkered room and your velvet bow
Your Elvis song in my ear
That moonlit voice that I hear Now we are old as bread
We walk along our golden crest
We hide away for a week
We only look and don't speak You're my favorite daydream
I'm your famous nightmare
Everything I see looks like gold
Everything I touch turns cold
Castles in the snow
