

Song

Lewis Taylor

I should have known there'd be trouble
When you and I had to part
But it ain't my fault that you're still in my heart
I should have realized no matter what you do
That I'd go on feeling just the same
I come running whenever you call my name
You know I let you play me for a fool
I'd do anything that you say
I wait so long
But I just can't stand another day
I never wanted to love someone this way
But if you want me to
I'll carry on playing your game
I come running whenever you call my name
Find me weak
Find me strong
I get all messed up whenever you call my name
