

# Praise the Lord

[Esterlyn](#)

My heart is heavy, my spirit's weak,  
I'll lift my eyes.  
My hope is gone, I feel alone  
I'll lift my eyes.

Praise the Lord oh my soul, praise the Lord.  
Praise the Lord oh my soul, praise the Lord.  
Beauty for ashes,  
Good news to the poor,  
You comfort the lonely  
You open wide those prison doors,  
You give joy for sadness  
You cause blind eyes to see  
Oh, Jesus you've been a good friend to me

Praise Him

All you saints, praise Him with your heart,  
Praise Him sun and moon,  
Praise Him all you stars above  
let's praise.

Praise the Lord oh my soul, praise the Lord.  
Praise the Lord oh my soul, praise the Lord.  
Praise the Lord oh my soul, praise the Lord.  
Praise the Lord oh my soul, praise the Lord.
