

All Sparks

Editors

You're answering questions that have not yet been asked
All sparks will burn out in the end
You burn like a bouncing cigarette on the road
All sparks will burn out in the endAll sparks will burn out
All sparks will burn out
All sparks will burn out in the endYou're casting opinions at people who need them
All sparks will burn out in the end
Well be careful, Angel, this life is just too long
All sparks will burn out in the endAll sparks will burn out
All sparks will burn out
All sparks will burn out in the endYou burn like a bouncing cigaretteAll sparks will burn out
All sparks will burn out
All sparks will burn outAll sparks will burn out
All sparks will burn out
All sparks will burn out
All sparks will burn out in the end
