Caught By Deceit

Callenish Circle

[Music by: Callenish Circle]
[Lyrics by: Ronny Tyssen & Patrick Savelkoul]A fear to be alone
has driven us apartIn your hollow eyes I sense the ultimate frost
A story never to be toldCaught by deceit
We dance on a river's streamAlthough survived a storm of pervading insane words
This stream is flowing to the seaI haven't trusted my distrust
Now my wariness, it lets me down
No place to go
My fate remains still unknownA disgrace is banished from my insane mind
Yet my harm, it tends to hate
