Jesus Got Wood

SFH

You like to get hammered
You like to get nailed
But the dude on the cross he's the boss
Baby you're gonna get impaled cuz

Jesus got wood
Like you knew he would

He makes Mike Holmes look like a sissy
Don't need no Black & Decker tools
He's the son of man got divine hands
HGTV is for fools cuz

Jesus got wood
Like a carpenter would

He'll do a custom renovation
A real soul kitchen job
No need for consultation
Dude, he's the son of God!
So fuck the Home Depot
And fuck Rona too
Jesus Christ builds with pride
His cribs got many rooms so get inside

Jesus got wood
Like a Messiah should
