What We're All About

Sum 41

Nevertheless, I'm not dressed for the occasion
It's number 32 and now here's the situation
If the beat moves your feet then don't change the station
now, pack your bags 'cause we're leavin' on a permanent vacation
Well, I'm a disaster, a microphone master
Put on your tape and rock, you ghetto blaster
It's not about the money, cars, hotels or resorts
About sweatin' all the bitches in the biker shorts
Now, I'm Dave Brown sound and you see me runnin' late
'Cause I'm always makin' time to make your girlie feel great
And I'm Bizzy F from way downtown
I'm known to rock a mic like a king was a crown
When I'm on top, gonna borrow that booty
Hustlin' deals like Mickey Macooty
When I wake up, I like a pound of bacon
Start off the day with my arteries shakin'
Rock, it's what we're all about
It's what we live for, c'mon shout it out
Rock, it's what we're all about
It's what we live for, c'mon shout it out
Rock, it's what we're all about
It's what we live for, c'mon shout it out
Rock, it's what we're all about
It's what we live for, c'mon shout it out
Well, I bring down the house in every city we play
Just by pickin' up the mic in a usual way
We rock and talk with a bass that's farty
We could even tear it up at a grade school party
Well, I can keep the beat but I can't break dance
It's hard to look cool in crazy pants
But I wear 'em anyway even when they look whack
It's my personal way to bring the 80's back
Gave up the life of servin' burger and fries
High cholesterol, gettin' grease in my eyes
I was drinkin' underage, I belong on stage
Hello, rock 'n roll, goodbye minimum wage
I'm teachin' you a lesson in mic control
Makin' rhymes with the letters in my cereal bowl
Lucky number seven, every dice I roll

Sum 41 to the power as the poon patrol

Rock, it's what we're all about
It's what we live for, c'mon shout it out
Rock, it's what we're all about
It's what we live for, c'mon shout it out
Rock, it's what we're all about
It's what we live for, c'mon shout it out
Rock, it's what we're all about
It's what we live for, c'mon shout it out
Well, let's avoid confusion by makin' one thing clear
The rock we're bringin' is gonna instill fear
And the power we control should be revered
We sold our soul to Satan two times last year
Take a look to the point, to the point I'm makin'
We rock the oven when we're stone cold bakin'
And we get outta hand and bust up the room
JD is to blame for the legion of doom
'Cause I'm the B I double Z Y
You ain't better than me, I ain't your average guy
I like to watch girls shake with a Kung Fu grip
Well, the goon platoon is on the prankster tip
We beat down London, we slayed L.A.
Got an APB on all the jams we play
So when you're on the stage, cold grabbin' your cock
Pledge allegiance to sum the new kings of rock
Rock, it's what we're all about
It's what we live for, c'mon shout it out
Rock, it's what we're all about
It's what we live for, c'mon shout it out
Rock, it's what we're all about
It's what we live for, c'mon shout it out
Rock, it's what we're all about
It's what we live for, c'mon shout it out
Rock, it's what we're all about
It's what we live for, c'mon shout it out
Rock, it's what we're all about
It's what we live for, c'mon shout it out
Rock, it's what we're all about
It's what we live for, c'mon shout it out
Rock, it's what we're all about
It's what we live for, c'mon shout it out
