

# Young Parisians

## Adam and the Ants

Young Parisians are so French  
They love Patty Smith  
Young Parisians are so French  
At the Champs-Elysees I wanna go to Paris with you  
Just to see what the French boys do  
Why don't you come to Paris with me  
And see the young Parisians? Young Parisians are so French  
They sit on the metro  
Young Parisians are so French  
Not like me and you I wanna go to Paris with you  
Just to see what the French boys do  
Why don't you come to Paris with me?  
And see the young Parisians I wanna go to Paris with you  
Just to see what the French boys do to you  
Why don't you come to Paris with me  
And see the young Parisians? Young Parisians are so French  
They're always called Du Bois  
Young Parisians are so French  
Talk nothing but French I wanna go to Paris with you  
Just to see what the French boys do  
Why don't you come to Paris with me  
And see the young Parisians? They're so French  
They're so French  
They're so French  
Are you?
