

# Sexual Thing

## Poison

{ Ha ha ha  
Jam blues man }  
There you lay all by yourself  
So please allow me to introduce myself  
I welcome you to the house of sin  
Open your mind, let the games begin  
Ooh!  
I'm your lust and I'm your greed  
I'm every sick thought that you ever done dreamed  
Eaten your cake, now you want some more  
Mmm, where have I heard that before?  
I am your, I am your  
I'm just your sexual thing  
I am your, I am your  
I'm just your sexual  
Ain't nothin' but a sexual  
It's just a sexual thing  
Lyin' there you look so horny  
Talk is cheap and startin' to bore me  
{ Talk is cheap, starting to bore me }  
Hold me close and tell me it feels so good  
But damn girl, you knew it would  
I am your, I am your  
I'm your sexual thing  
I am your, I am your  
I'm just your sexual  
Ain't nothin' but a sexual  
  
It's just a sexual thing  
Glad to have met you  
So pleased that you've come  
But my must be movin' on  
My work here in is done  
Best believe me you, child  
The pleasure's been all mine  
If you're in need, please do indeed  
Call me anytime  
I am your, I am your  
I'm just your sexual thing

I am your, I am your  
I'm just your sexual thing  
They've got you medicated  
It's got you so frustrated  
He caught you masturbating  
You rather be fornicating  
Well then you come with me  
I'm gonna set you free  
It's just a sexual  
Ain't nothin' but a sexual  
It's just a sexual thing  
{ What you've witnessed is a sexual fantasy  
Please do not try these tricks at home }
