Time

Chantal Kreviazuk

Time

(Time, time)

Where did you go?

Why did you leave me here alone?

Wait, don't go so fast

I'm missing the moments as they passNow I've looked in the mirror

And the world's getting clearer

So wait for me

This timeI'm down

Down on my knees

I'm begging for all your sympathy

But you

(I'm just an illusion)

You don't seem to care

(I wish that I could)

You humble people everywhere

(I don't mean to hurt you) Now I've looked in the mirror

And the world's getting clearer

I'll take what you give me

Please know that I'm learning

So wait for me

This timeI should've known better

And I shouldn't have wasted those days

And afternoons and mornings

I threw them all awayNow

This is my time

And I'm gonna make this moment mine

(I shouldn't have wasted those days)I'll take what you give me

Please know that I'm learning

I've looked in the mirror

My world's getting clearer

So wait for me

This time

This time

This time
