Snowy

Josh Rouse

Put on your winter coat my dear
Stay, the snow is coming hard
Gonna be the worst in years
Seems my oval hat's disappeared

When you roll your eyes like that
Makes me not wanna talk
But sit and watch the plants grow wild
We don't bring them in they'll die, they'll die, they'll die

I walk over to where you are
I see the sky's pulling down
Those who make a sound out here
It's gonna stay that way it appears, it appears, it appears

And the evenin' is burnin' baby, one, two, three
It's the closest thing to motion that we'll ever see
Here's a glass little girl, we should toast to the world
On this snowy night

Have you seen the news? It looks dire
Closing all the roads
Looks like we're stuck inside tonight
Go and put some wood on the fire

Wind is blowing to the top of the stove
A flame struggles to survive
I see you left your keys by the door
I can't believe you braved the storm, the storm, the storm

And the evenin' is burnin' baby, one, two, three
It's the closest thing to motion that we'll ever see
It's too fast, little girl, there's no chance, little girl

And the wheels keep spinning on the [Incomprehensible] street
It's the closest thing to motion that you'll ever see
There's no chance little girl, you won't last little girl
On this snowy night
