Eric Bellinger

[Verse 1: Eric Bellinger]
I'm tryna talk to you but the music too loud
Girl I know a quiet place where we can vibe out
I ain't like your ex, you can let your guard down
Tell your girls your with a real one, so they can come down
Oooh yeah, they can come down
They saying I'm the nigga, that's the word around town
Oooh yeah that's the word around town
If you didn't know before then I bet you know now[Pre-Hook: Eric Bellinger]
Baby you got everything that a nigga want
I just wanna put you on
And I just wanna see you with them Vicky's on
Better yet, wear them off[Hook: Eric Bellinger]
Oooh let's ride out
(You got everything that a nigga want)
Oooh let's ride out
(You got everything that a nigga want)
Yeah, I got the car outside if you ready
(If you with it)
Only if you ready
Tell them valet niggas go and get it
(Go and get it)
Only if you ready
(Oh she ready)[Verse 2: Teeflii]
My driver know that you a freak
Introduce you to my back seat
Pour my drink, roll my weed
If you really fuckin' with me
Girl throw it back, look back at it
If you want a fly n' B thugSex so good now you attached to me
Oh, fuck it we do it 69[Pre-Hook] + [Hook][Verse 3: Pleasure P]
They say time is money
And I ain't spendin' mine
On a girl who gon' drink my shit
And go home with another nigga
Got me fucked up, so don't even try
If you're coming and your cutting ain't no need to line
I wanna eat it right now, pull 'em to the side
But that's only if you get in my ride

I know you a freak on the low
Let's put on a show
For the walls in my bedroom
Pickin' all the berries to go
Cause we gotta go
And that's how bad I want you[Hook]
