

Damaged

TLC

I know I'm kinda strange, to you sometimes
Don't always say, what's on my mind
You know that I've been hurt, by some guy
But I don't wanna mess up this time And I really really really care
And I really really really want you
And I think I'm kinda scared
'Cause I don't want to lose you If you really really really there
Then maybe you can hang through
I hope you understand
It's nothing to you My heart's at a low
I'm so much to manage
I think you should know that I've been damaged
I'm falling in love
There's one disadvantage
I think you should know that I've been damaged I might look through your stuff, for what I don't wanna find
Or I might just set you up, to see if you're all mine
I'm a little paranoid, from what I've been through
Don't know what you got yourself into And I really really really care
(And I care about you so much)
And I really really really want you
(I really do want you)
And I think I'm kinda scared
(But I'm scared with every touch)
'Cause I don't want to lose you
('Cause I don't want to lose you) If you really really really there
(If you care for me like you say)
Then maybe you can hang through
(Then maybe you can hang through)
I hope you understand
(I hope you understand)
It's nothing to you
(It's nothing to you, you) My heart's at a low
(Low)
I'm so much to manage
I think you should know that I've been damaged
(I think you should know)
I'm falling in love
There's one disadvantage
I think you should know that I've been damaged My heart's at a low

I'm so much to manage
I think you should know that I've been damaged
(I think you should know that)
(I've been damaged)
I'm falling in love
(I love you so)
There's one disadvantage
(I love you so)
I think you should know that I've been damaged And I really really really want you
And I think I'm kinda scared
'Cause I don't want to lose you If you really really really there
Then maybe you can hang through
I hope you understand
It's nothing to you
(It's nothing to you) My heart's at a low
I'm so much to manage
I think you should know that I've been damaged
(Ooh I think you should know I've been damaged)
(I've been damaged baby)
I'm falling in love
(Falling in love with you baby, yeah)
There's one disadvantage
I think you should know that I've been damaged My heart's at a low
I'm so much to manage
I think you should know that I've been damaged
I'm falling in love
There's one disadvantage
I think you should know that I've been damaged
