

# **Kick It Around**

**James Hunter**

Kick it around  
Tell me if you'll be mine  
Kick it around in your own good time  
Don't tell me now  
I know I'm on trial  
So kick it around for a while

Will I be your true lover  
Or take you for a ride  
One way or the other  
Whatever you decide

You heard my proposition  
Now baby take your time  
Tell me your decision  
When you made up your mind

Kick it around for a while
