

# Almighty God

Brian Courtney Wilson

Grace and Truth. So we worship you Almighty God... You are our redeemer.

You redeem

The one source of our strength

We worship You. Almighty God... You are full of mercy

You are full of grace and truth

We worship You, Almighty God You are full of mercy

You are full of grace and truth

We worship You, Almighty God You are our Redeemer

You are our resource and strength

We worship You, Almighty God You are our Redeemer

You are our resource and strength

We worship You, Almighty God

You are our Creator

Everything was made by You

We worship You, Almighty God God of mercy. and great grace

Full of compassion now we embrace

Full of Your power in this place

Touch us now as we seek Your face- We worship you

We worship you

We worship You

You're merciful and full of grace Lord

we worship you.

And the truth is we never would've

made it- unless you were there for us Lord Jesus

we worship You

Everytime we shine You're there.

That's why we worship You. We worship-

We worship You

I surrender all, I surrender all to

You Jesus... Oooh Lord We worship You

We worship You

And the fullness of Your glory.

When I look up, I can see all around me

we worship You

So much power. I see the promise.

I believe the promise. That's why we worship

That's why we lay down our lives.

That's why we bow down...

and bend. and bow... and surrender...

and chose to lose... and turn the other cheek...  
and walk the extra mile  
and give and give and give and give again Lord Jesus.  
We worship You,  
Almighty God.
