

Empty Jar

Coal Chamber

Godless lot, it's not a lot
But it's my lot in life
No fear is my weakness I hear
When faith has been denied
Godless lot, it's not a lot
But it's my lot in life
No fear is my weakness I hear
When faith has been denied
Same as yesterday, confused
Same as yesterday, confused
Same as yesterday, confused
Same as yesterday, confused
Walkin' through sticks usin' walkin' sticks
I've stuck to this so long
What I feel is so hard to deal
So I say, "So long"
Walkin' through sticks usin' walkin' sticks
I've stuck to this so long
What I feel is so hard to deal
So I say, "So long"
Same as yesterday, confused
Same as yesterday, confused
Same as yesterday, confused
Same as yesterday, confused
Mine is the empty jar, the empty
Mine is the empty jar, the empty
Mine is the empty jar, the empty
Mine is the empty jar, the empty
Mine is the empty jar, the empty
What you see?
(It isn't always, isn't always)
What you believe?

(It isn't always, isn't always)
Aaa
What you see?
(It isn't always, isn't always)
What you believe?
(It isn't always, isn't always)

What you see?
(It isn't always, isn't always)
What you believe?
(It isn't always, isn't always)
Mine is the empty jar, the empty
Mine is the empty jar, the empty
(It isn't always, isn't always)
Mine is the empty jar, the empty
Mine is the empty jar, the empty
(It isn't always, isn't always)
Mine is the empty jar, the empty
Mine is the empty jar, the empty
(It isn't always, isn't always)
Mine is the empty jar, the empty
(It isn't always, isn't always)
Mine is the empty jar, the empty

Yeah

What you see?
(It isn't always, isn't always)
What you believe?
(It isn't always, isn't always)
(It isn't always, isn't always)
(It isn't always, isn't always)
(It isn't always, isn't always)
What you believe?
(It isn't always)
What you believe?
(It isn't always, isn't always)

Ooo
