Empty Jar

Coal Chamber

Godless lot, it's not a lot But it's my lot in life No fear is my weakness I hear When faith has been denied Godless lot, it's not a lot But it's my lot in life No fear is my weakness I hear When faith has been denied Same as yesterday, confused Same as yesterday, confused Same as yesterday, confused Same as yesterday, confused Walkin' through sticks usin' walkin' sticks I've stuck to this so long What I feel is so hard to deal So I say, "So long" Walkin' through sticks usin' walkin' sticks I've stuck to this so long What I feel is so hard to deal So I say, "So long" Same as yesterday, confused Same as yesterday, confused Same as yesterday, confused Same as yesterday, confused Mine is the empty jar, the empty What you see? (It isn't always, isn't always) What you believe?

(It isn't always, isn't always) Aaa What you see? (It isn't always, isn't always) What you believe? (It isn't always, isn't always)

What you see? (It isn't always, isn't always) What you believe? (It isn't always, isn't always) Mine is the empty jar, the empty Mine is the empty jar, the empty (It isn't always, isn't always) Mine is the empty jar, the empty Mine is the empty jar, the empty (It isn't always, isn't always) Mine is the empty jar, the empty Mine is the empty jar, the empty (It isn't always, isn't always) Mine is the empty jar, the empty (It isn't always, isn't always) Mine is the empty jar, the empty Yeah What you see? (It isn't always, isn't always) What you believe? (It isn't always, isn't always) What you believe? (It isn't always) What you believe? (It isn't always, isn't always) 000
