Verse 1:
Remember the days, when i would call you late at night
I would just close my eyes
And just enjoy the sound of your voice, yeah

I remember the day, you made me fall in love with you
You were like a dream come true
All i wanted to do was think of you

Pre chorus:
But now it seems like you don't even care and i'm not even there
You broke my heart in two but, i still wanna be with you

Chorus:
The things i would do, just for a moment with you
For a moment, for a moment, baby
I would give you my all, and turn my back against the world
For a moment, for a moment

Verse 2:
Remember the times, when we would talk all trough the night
When things were heavy on your mind
I would make you smile just to make you feel alright

Wish i could make you see what you mean to me
I see you in my dreams, you're a part of me
Girl you own my heart, loved you from the start
And it tears me apart

Pre chorus:
Cause now it seems like you have closed the door and don't care anymore
I should be over you but, i can't stop missing you

Chorus:
The things i would do, just for a moment with you
For a moment, for a moment, baby
I would give you my all, and turn my back against the world
For a moment, for a moment

Bridge:

Even though i know i only get to love you from a far
You still own the key to my heart

Chorus:
The things i would do, just for a moment with you
For a moment, for a moment, baby
I would give you my all, and turn my back against the world
For a moment, for a moment
