In My Room

Sonia Rao

In my room I feel safe to be on my own
To be my own
I like my walls I like my purple candles
My books are what make me at home

They tell me things I can experience
They make me feel complex enough
I like to picture myself traveling
I like to picture myself in love

But this world it has its own direction
It moves forward, standing still is not an option
Is it okay if I resist this time
Choose my own speed
Lay here silently

I know I'm missing out on things
I want it all so I choose nothing
It'd be nice to have you here with me
To agree or disagree
To talk about what we should eat

There is somebody else out there for me I know
There is somebody I will learn to love too
There is somebody who will be almost like you
I'll be almost happy as I was with you

In my room I feel safe
I like my walls and purple candles
They remind me of you
I couldn't take it anymore
I had to paint them blue

Come back to me now
I swear I'll be better at it
I'll be patient and on time
I won't wake you in the night

Come back to our home
There's new cafes in the neighborhood

Movies we haven't seen
The things you haven't told me yet

There is somebody else out there for me I know
There is somebody I will learn to love too
There is somebody who will be almost like you
I'll be almost happy as I was with you
