Welcome

ASP

Approach and bring your expectation
There are some dreams to be fulfilled
Maybe you feel a lack of sensation
I've got some lovely little thrillsI swear without exaggeration
We sell you every kind of frights
And if you're looking for salvation
Just take it if the price is rightWon't you come in where we all live in sin?
Come closer and we'll make a deal
We'll make a sellout for the sake of the crowd
Just pay us and we'll make you feelCome on in and spend an hour
Or two up here in the dark tower
Where there is nothing as it seems
Follow me to where hopes die
The realm of the black butterfly
I welcome you here in my dreamsIf you should need some satisfaction
I am the one to help you out
We've got a bunch of sweet attractions
Get everything at our selloutWon't you give in where we all live in sin?
Come closer and we'll make a deal
We make a sellout for the sake of the crowd
Just pay us and we'll make you feelCome on in and spend an hour
Or two up here in the dark tower
Where there is nothing as it seems
Follow me to where hopes die
The realm of the black butterfly
I welcome you here in my dreamsUnder every stair and around every corner
Some shadows are lurking, watch out, let me warn you
Please mind the steps, it's a long way to fall
Can't you see the writing on the wall?In every hall and in every room
Another nightmare up here in the gloom
Come on if you dare, come on up the stair
Stay just for a while with me here on the tilesJust for a moment so warm and so nice
You know that I'm mostly harmless
Let's drown in our eyesSo who is we and who are you?
Say can't you see we do just what we have to do?Come on in and spend an hour
Or two up here in the dark tower
Where there is nothing as it seems
Follow me to where hopes die
The realm of the black butterfly

I welcome you here in my dreamsCome on in and spend an hour
Or two up here in the dark tower
Where there is nothing as it seems
Follow me to where hopes die
The realm of the black butterfly
I welcome you here in my dreams
