

# China

## BRONCHO

Goodness gracious, Great Wall of China  
Goodness sakes, I ain't gonna find ya  
God is great, He ain't gonna mind ya  
Goodness gracious, ...  
He's got the balls, got the keys to find ya  
Only just because I've been needing to hide ya  
I got my new world taste, got my New York...  
I gotta find a new place where the kids are the shit  
Goodness gracious, Great Wall of China  
These boys ... and even the new things  
...must be the right things  
Only coming clean if there's some kind of deal  
I mean I'm only coming clean if there's some kind of deal  
I know I'm only coming clean if there's some kind of deal, yeah  
Cuss your life on the first you think of  
... and I knew what  
I know the first two places that I wanna check  
I know the first two faces that I wanna pick, ah ah  
I know the first place that I wanna pick  
Cause he's got the balls, got the keys to find ya  
Only just because I've been needing to hide ya  
I got my new fresh face, got my new ...  
I gotta find a new place where the kids are mature  
Goodness gracious, Great Wall of China  
God is great, God is good (repeat)
