

All Night All Day

Ginuwine

Yeah, all I am baby
Swear I'm gotta have you
All night, all day
Do you want me? The time is cool, whatcha gonna do?
The bachelor is calling you, yeah
The mood is right with the fire side
And that song you like with your favorite wine Baby, just relax and let the atmosphere take over you
Keep it in your mind that I'm here to do what you want me to
Ain't no need to rush because the both of us can go all night
Girl, let go and I'll do you All night, all day
I wanna love you, in every way
Tonight, I wanna play
I can love you baby girl if you stay with me All night, all day
Wanna love you in every way
Tonight, wanna play
I can love you baby girl if you stay with me tonight Doing all I can and all you like just to let you know that
(I got what you need so if you wanna get freaky
(You should be with me, girl)
Baby, I'll take care of you, I'll do it nice and slow I can
Feel the heat when the bodies meet Said I wanna make love tonight
Baby, I just wanna do you right
Tell me, can we take a ride tonight? Top down with the sounds pumped loud
Bodies rollin' round as we both go downtown
That's what I like, and it feels so right
Baby, open wide, and take it All night, all day
I wanna love you in every way
Tonight, I wanna play
I can love you baby girl if you stay with me All night, all day
Wanna love you, in every way
Tonight, I wanna play
I can love you baby girl if you stay with me tonight I'll treat you nice
I'll treat you right if you come to me oh, come to me
I'll do you right
And all I know is that I gotta have you All night, all day
Wanna love you, in every way
Tonight, I wanna play
See us G's like it wild and I can make you smile All night, all day
I wanna love you, in every way
Tonight, I wanna play

Up and down till you leak us G's like to freak All night and all day
I wanna love you, in every way
Tonight, I wanna play
All I know is I gotta have you in my arms tonight All night and all day
I wanna love you, in every way
