

A While

Just a Band

This may take a while
Trying to find a way to get out now
I don't recall where people run to
I need to find a way to get out now
I see the future
Just wash your hope
Steal your race
There's nowhere left to run
A little longer in outta space
They still your race it's out of place
Out of place
Out of place
Cool down cool down cool down This may take a while
I don't know the last time I was free
Maybe the truth will get me out of here
I need to find a way to get out now
I see the future
Just wash your hope
Steal your race
There's nowhere left to run
A little longer in outta space
They steal your race it's out of place
Cool down cool down cool down (out of place) x3
Uuuh aaah
