

# Never Easy

## Boyzone

(Keating / Hedges / Brannigan)

It's another flight  
On another night  
To a strangers home that's  
Far from home  
It's cold in here  
But I'm not clear  
Where I have to go  
But I know  
I'll ignore what I feel  
Cos I ain't making a deal  
Time is rolling by  
Wondering how far she'll fly  
Never easy to say goodbye  
The reason why  
These things shall be  
Whoa  
Never easy to say goodbye  
The reason why  
That's the way it is  
Whoa  
In a different light  
Do you know what's right  
Am I pretending no  
Well I guess so  
Don't you fear  
Cos Baby I'm here  
I won't let you go  
But I know  
I'll ignore what I feel  
Cos I ain't making a deal  
Time is rolling by  
Wondering how far she'll fly  
Never easy to say goodbye  
The reason why  
These things shall be  
Whoa  
Never easy to say goodbye  
The reason why

That's the way it is  
Whoa
