

# Why Go?

## Boy George

Don't go  
I didn't know you'd be here  
And I wasn't meant to come  
I'd be sitting watching TV  
If there was anything decent on  
If I'd missed the taxi  
Or found nothing good to wear  
But for some uncertain reason  
Some strange uncertain reason  
This is how it all, it all began  
Why go, why go  
When you could stay a while?  
Why go, why go  
When you could stay a while?  
If I made some coffee  
Would you sit and talk some more?  
I know words are usually pointless  
When you've used them all before  
The way your smile fills the room  
Stay a while kick off your shoes

Don't go, please stay  
It always happen this way  
Why go, why go  
When you could stay a while?  
Why go, why go  
When you could stay a while?  
The way your smile fills the room  
Stay a while  
What's there to lose?  
The way you laugh when I say  
Don't go  
Please stay  
Why go, why go  
When you could stay a while?  
Why go, why go  
When you could stay a while?  
When you could stay with me  
Tonight, tonight
