# Ecstasy

## jj

When I'm in the club
I'm always on a drug
If you get a hug
Guess what drug
I'm on ecstasyWhere are you
Feeling high
Not only wrong and rightWhere are you gettin' high
But only on our own supply
It's the truth but you never lied
Whatever I do I'm ready to die
The new school learn their ???Never thought of us
Don't ask me why
Ready to dropWhen I'm in the club
I'm always on a drug
If you get a hug
Guess what drug
I'm on ecstasyI'm always...always
Skies my highWhen I'm in the club
I'm always on a drug
If you get a hug
Guess what drug
I'm on ecstasy
