Prison Blues

Jimmy Page

I've been a bad boy, baby
I've been a bad boy all night long
Oh yes, I have baby
Yes, I've been a bad boy, honeyI've been a bad boy all night long
That woman, she don't even let me
She did not even telephone meI'm gonna leave my little honey
Like a rabbit leaves the hole
A-ow-ah, leave my little honey, baby
Just like that little bunny rabbit leaves the holeI got a weasel in my pocket
I'm gonna stick that weasel down my mamma
I'm gonna stick it right down that little holeI'm never gonna get out of this prison baby
The only way I get out is climb over the wall
Oh baby, the only way out is that I get a ladder
And climb over the wallWell, I can't climb the ladder, baby
'Cause I'm afraid that I'm, that I might fall
Come on, yeahI'm staying in this Folsom prison honey
Yeah, I'm gonna stay in this prison till the day that I die
Oh, I'll stay in Folsom prison baby
Oh, till the day, until the day that I dieHear more, I'm gonna kill nobody
Oh, my baby you know, you know that I'm staying alive
'Cause I know baby, that's gonna be a great big lie
You know I'm livin' in this F-Fol' prison
