Only You

David Choi

Love songs on the radio
Don t mean much to me anymore
Won t see a smiling face
Walked out the door a long, long time ago

You carried my heart away and you left me here alone

Only you, only you only you can make me blue
Only you, oh it s true that there s nothing I can do

White stars they all shine so bright while the lone moon is gray
Come join this heart of mine if you care to stay

She carried my heart away there s nothing left of this fool
Only you, only you only you can make me blue
Only you, oh it s true that there s nothing I can do
Nothing I can do Nothing I can do, but to sit and think of you

Only you, only you only you can make me blue
Only you, oh it s true that there's nothing I can do
