

# K.K. Cruisin' (From 'Animal Crossing')

Tsuko G.

Forget all your troubles  
Leave them all behind  
Oh nothin, nothin, nothin lasts

Chase it off, and smile  
Life is beautiful (three, four)

Open up your heart  
Feel the love inside  
Oh nothin, nothin, nothin's bad

Shake it off, go on  
And cruise on the vibe

Look around

Feel the wind  
Hear the sea  
Come and see  
Blue beauty  
Mystery  
Artistry

Oh nothin, nothin, nothing's gonna hurt you

Don't worry  
You're free from all the things that ought to be  
Look around, spread you wings and fly

(Scatting)

Look around

Feel the wind  
Hear the sea  
Come and see  
Blue Beauty  
Mystery  
Artistry

Oh nothin, nothin, nothing's gonna hurt you

Don't worry  
You're free from all the things that ought to be  
Look around, spread your wings and fly

Feel the wind  
Hear the sea  
Come and see  
Blue Beauty  
Mystery  
Artistry

Oh nothin, nothin, nothing's gonna hurt you

Don't worry  
You're free from all the things that ought to be  
Look around, spread your wings and fly
