If I tried

Aram MP3

[Verse:]
I'm feeling paralyzed
And I'm not what I used to be
And trough my bloody eyes
Can't see the light I used to see
And what do i stand for and for what i live
Is it a time for me to take or still I need to give[Chorus:]
If I tried
To make a wounded eagle fly
If I tried
To make a heartless person cry
If i tried
To find an answer to a "why"
If I tried
Then I would't ever die[Verse:]
My heart is braking for
All the broken promises
And at the end of it all
I know someone will come and kill the desease
There is nothing else to say cuz I can't lie no more
So it is time to stand for what I am living for[Chorus:]
If I tried
To make a wounded eagle fly
If I tried
To make a heartless person cry
If i tried
To find an answer to a "why"
If I tried
Then I would't ever dieTo make a wounded eagle fly
To make a heartless person cry
To find an answer to a "why"
If i triedIf I tried
To make a wounded eagle fly
If I tried
To make a heartless person cry
If i tried
To find an answer to a "why"
If I tried
Then I would't ever die
