

# Paradise Is Here (Sam Ward Remix)

[Cher](#)

You say, you want to live some  
Move out into the fast lane  
You say you need excitement  
To make you come aliveSome place, a million miles  
From the shadows that surround you  
I look for your attention  
You're lost out in the futureWhere lovers ask no questions  
And shadows never fall  
Some pilgrim bound for paradise  
No compromise, paradise is hereIt's time to stop your crying  
The future is this moment  
And not some place out there  
Tonight I need your loveDon't talk about tomorrow  
Right now I need your loving  
Right now give it to me  
Right now I want your loving  
Right now, now, now, nowYou talk about your new plans  
To move up on the stairway  
Your dream about the high life  
That's waiting for you thereA world of fame and fortune  
That's just around the corner  
But I don't need no high life  
To make me feel a real manAnd I don't need to reach for  
No castles in the sky  
Just put your arms around me  
Devour me 'cause paradise is hereIt's time to stop your crying  
The future is this moment  
And not some place out there  
Tonight I need your loveDon't talk about tomorrow  
Right now I need your loving  
Right now give it to me  
Right now I want your loving  
Right now, now, now, nowTonight I need your loving  
Paradise is here
