Already Missing You

Doak Snead

Already Missing You
(D.Snead/K.Snead)

It's the same old news
nothing exciting
Been milking the blues
and putting it in writing
We just closed the door
and I'm Already Missing You

Down Highway Four
Hotel Nowhere
Three sheets on the floor
and I'm too gone to get there
One night and a day
And I'm Already Missing You

(chorus)
I've been thinking about you
Dreaming without you
My heart's in the mail
And I'm Already Missing You

Hey, my timing chain broke
but my radio's blasting
It's a funny little joke
that nobody laughs at
Big dreams up ahead
But I'm Already Missing You

repeat chorus

It's the same old news
Nothing exciting
been milking the blues
And putting it in writing
I've just crossed the line
'cos I'm no good at missing you

I'm Already Missing, Already Missing you
