

# Room 410

## The Wonder Stuff

I'm tired and I'm reckless and I can't go home (can't go home)  
I'm useless and regretful and nowhere to go (nowhere to go)  
I am lonely and and I notice stuff is nothing just to show it  
Open your arms, here I come

It takes more to stick together  
And I never meant to make you cry  
Acting like you're perfect  
Everything was worth it  
Still all along, we lived a lie

And I know you knew, baby  
That I know the lady's going out with other guys  
Acting like you're perfect  
Acting like you're worth it  
All you ever did was pray for guys  
And you think that he will call you back (call you back)

I'm tired and I'm reckless and I can't go home (can't go home)  
I'm useless and regretful and nowhere to go (nowhere to go)  
I am lonely and and I notice stuff is nothing just to show it  
Open your arms, here I come

Can't believe they're still together  
Even after all the times she cried  
Acting like you're perfect  
Acting like you're worth it  
Seem like you're just a waste of time

And I know you knew, baby  
That I know the lady's going out with other guys  
Acting like you're perfect  
Acting like you're worth it  
All you ever did was pray for guys  
And you think that he will call you back

I'm tired and I'm reckless and I can't go home (can't go home)  
I'm useless and regretful and nowhere to go (nowhere to go)  
I am lonely and and I notice stuff is nothing just to show it

Open your arms, here I come

You like greasy and disgusting is the way you go  
Getting something outta nothing in the way we roll  
(You don't make friends, you make enemies)  
Kicking our words to the curb like a former song  
Writing, dance, ghost tales just for fun  
(You don't make friends, you make enemies)

'Cept for you  
I can't believe  
I can't believe  
I'm seeing my life go down the drain  
I can't believe  
I can't believe

I'm tired and I'm reckless and I can't go home (can't go home)  
I'm useless and regretful and nowhere to go (nowhere to go)  
I am lonely and and I notice stuff is nothing just to show it  
Open your arms, here I come  
Open your arms, here I come  
Here, I came
