

# April Showers

## King's X

One day I'll find someone  
One day I won't feel alone  
One day I'll find my home  
One day, one day April showers bring May flowers One day I'll make my peace  
One day I'll get relief  
One day I'll get it right  
One day, one day April showers bring May flowers  
One day, one day April showers bring May flowers  
One day, one day
