Heel

5ive

Long neck, short leash
Sweet lips are black, black, black, black
You walk, I linger
Little sticks stagger and fall
Heel, heel
Heel, heel
You're cryin', well listen
This time you really were bad, bad, bad, bad
I will show you some discipline
Yes, you will learn some respect, respect, respect
Heel, heel
Heel, heel, yeah
God, I love you

You're so pretty
Love you, love you
Pretty, pretty, pretty, pretty
Heel, heel
Heel, heel
Heel, heel
Heel, heel, yeah
God, I love you
You're so pretty
Love you, love you
Pretty, pretty, pretty, pretty
Pretty, pretty
