

Stranger in My House

Club America

I'm a stranger
Nothing is real
You bring me this
I have nothing more
Where are my dreams, the win? I have just illusions
To get away
You know it will pass
You know I confess
Now, it's a mess No! Nobody trust you
No! Whatever you say I'm the stranger
Nothing is there
You don't want be there
Nothing to do
Where are my eyes to see?
