

# Lonely Lonely Girl Am I

## The Velvelettes

As I sit here in my lonely room  
Nothing's been the same since he said to me we were all through  
Listen to me, now  
My telephone never rings anymore  
And no one ever knocks on my door  
(Woah-oh-oh-oh-yeah) A lonely, lonely girl am I Sometimes I sit and I stare at his picture all day long  
Wondering how could a fella that I treated so good been so wrong  
No sense in me denying  
Ever since he's been gone I've been crying  
(Woah-oh-oh-oh-yeah) A lonely, lonely girl am I Sly but tender he deceived me  
Surrender your love to me  
'Cause when my back was turned you whispered sweet words in another's ear  
Oh, not so long ago I felt complete  
Now only disappointment follows me  
(Woah-oh-oh-oh-yeah) A lonely, lonely girl am I Listen to me, now  
Having no baby to sleep at night  
Don't make sister try to eat her pride  
Everywhere I look I realise this  
I'm just a lonely girl with a tear-stained face  
(Woah-oh-oh-doo-dee-ooh) A lonely, lonely girl am I
