

Repetition

Blur

So sure, so sure you are
Nothing can touch you now
I need to know, did you think of me?
But you're forgetting me now Slow down, don't be so
Eager to let me go
Realize it could change you
It could change your mind Try, try, try
Try, try, try
All things remain the same
So, why try again? Try again Slow down, don't be so
Eager to let me go
I need to know, do you think of me?
But you've forgotten me now Try, try, try
Try, try, try
All things remain the same
So, why try again? Try again
Try again, try again Try, try, try
Try, try, try
All things remain the same
So, why try again? Try again
Try again, try again Try, try, again
Try, try, again
