

Sorry About That

Alkaline Trio

It hasn't been that long
Since we drank to the sunset, until it was gone
And down with it went our pain and fear
As we slowly broke contact More and more with every beer
And we passed out in each other's arms
Both admitting we'd never felt better
Never felt so warm But awoke in each other's eyes
Without wearing a stitch of clothing
We were both deeply in disguise
And maybe I just set aside The fact that you were broken hearted
In my own special selfish way
And if I hadn't set aside
The fact that you were broken hearted Hell knows where your heart would be today
Maybe with me It seems like it's been so long
Since we kissed through the darkness
Until it was dawn
Up with it came our pain and fear That we'd already lost each other
We both knew that the end was near
Maybe I just set aside
The fact that you were broken hearted In my own special selfish way
And if I hadn't set aside
The fact that you were broken hearted
Hell knows where your heart would be today Maybe with me Maybe with me
Maybe with me Maybe with me
Maybe with me Maybe with me
