

# True Love Never Dies

## Earl Scruggs

The last time I thought about leavin'  
Was the last time I made her cry  
I talked myself out of believin'  
That true, true love never dies  
The first time I  
Thought of returnin'  
Was just ten lonesome  
Miles out of town  
But my foolish pride  
Kept these wheels a-turnin'  
Yeah, there was nothin'  
On this earth gonna shut me down  
But if I had one drop of water  
For each and every tear I have cried  
I'd sail back to her on an ocean of sorrow  
True, true love never dies  
Well, the fires of anger turn to ashes  
Your pride will forsake you, by and by  
The lonesome is not surely passin'  
That ol' true, true love never dies  
Well, if I had one drop of water  
For each and every tear I have cried  
I'd sail back to her on an ocean of sorrow  
True, true love never dies  
No, it never does  
Well, if I had one drop of water  
For each and every tear I have cried  
Well, I'd sail back to her  
On an ocean of sorrow  
True, true love never dies  
Well, I'd sail back to her  
On an ocean of sorrow  
True, true love never dies  
Oh, it never dies, no, it never does  
No, no, no  
True, true love  
True, true love  
True, true love
