

# Waste A Moment

## Kings of Leon

All the way from Waco to WE-HO with a rabbit on her chain  
Drove a little slick car to tend bar with the static on her brain  
She's a little burner, burner, gonna throw you to the flame  
Little ticking time bomb, time bomb, gonna blow us all away Oh, take the time to waste a moment  
Oh, never ask to be forgiven Sexy was her boyfriend, with no kin, always running from the law  
Every other weekend, the week ends with his back at her claw  
He's a live wire, wired, shooting sparks in the night  
He's a gun for a hire, hired with a bead in his sights Oh, take the time to waste a moment  
Oh, face it where the lines are broken  
Oh, name a price to all that's living  
Oh, never ask to be forgiven
