

The Joke's On You

Porcupine Tree

Lyrics: Alan Duffy / Music: Steven Wilson Riding on a unicorn

Stranded in my mind

Electric raven met me there

To see what we could find Strange days

Incredible days

Bring all my children to me

Strange ways

Incredible ways

On a dark stars endless journey Endless realms of fading dreams

Lies stranded with the past

We climb up on the wind of change

We say "You know the joke's on you" Strange days

Incredible days

Bring all my children to me

Strange ways

Incredible ways

On a dark stars endless journey Strange days

Incredible days

Strange ways

Incredible ways
