

Key Entity Extraction I: Domino The Destitute

Coheed And Cambria

If you had the courage to stop me from turning into what would be the worst in everybody's eyes

Hey, I'm no angel, or the devil of your conscience to tell you who to be

Good, bad, ugly or otherwise

If you had good common sense your choices would be gleaming, flawless

I want no part in this self-deprecating worthless chemistry

We made our beds

To lie in them proud, proud of our great mistakes

This falling knife,

The flash of its blade, turn about-face

I implore you, brother

Don't walk away, don't walk away from me

'Cause this is our war

Oh, you think they have it all

While you were left with nothing

Oh, oh, you've taken the fall

For them to walk all over

You made your bed

So soft and comforting

These dreams await

The great good morning

We made our beds

To lie in them proud, proud of our great mistakes

This falling knife

The flash of its blade, turn about-face

I implore you, brother

Don't walk away, don't walk away from me

'Cause this is our war

Oh, we've got you by the throat

Oh, oh, oh, all you wanna be

Welcome, oh, to the everlasting all-time low

Please put your hands together

For the ever-failing one-man show:

Domino

Ladies, and broken gentlemen

The undisputed champ of misery, oh

And in this corner, we find his challenger

The pride of Utopia, the greatest thing ever

If you could recall one moment of your past

That defined you to be
That made you the man we've come to love
All the above

This disaster binds us absolute
A thousand lies you'll tell yourself
That no one ever loved you right
Ooh, but I would do anything for you
The question fits the question mark

Your signals crossed, your message lost, haha

[Well this has been an extraordinary change of events! As two great champions in the fight to the finish line have come back for a final round, that right now, is being seen 'round the world as the upset of the century! Let's get back to the floor and into the fray! The fighters meet in the center of the ring, as the challenger brings in a right hook, a left hook! Ooh, Domino is dodged! Followed by a hook right to the body! Oh, he might have took another left! That sent Domino into the ropes! The challenger laying after being pummeled by that right that sent him tumbling straight to the floor! The crowd's on their feet, the ref's called the fight! He's out! He's

out!]

This wall won't hold forever

Your time has come, it's now or never

We made our beds
To lie in them proud, proud of our great mistakes

This falling knife
The flash of its blade, turn about-face
I implore you, brother
Don't walk away, don't walk away from me
'Cause this is our war

One by one
We are together, we fall together

One by one
We are together, we fall together
Oh, my brother, don't be afraid
We are together, we are together

Brother
We are together, we fall together
