

# **Sugar Daddy**

## **Laika**

Sugar daddy take me away  
From this bad, bad place  
I'm sick and tired of trying  
And I wanna fly awayI guess we got our wires crossed  
He's thinking driftwood I think twigs  
Nothing, nothing is gonna save us now  
And I wanna fly awaySugar daddy take me away  
From this bad, bad place  
I'm sick and tired of trying  
And I wanna fly awayI guess we got our wires crossed  
He's thinking driftwood I think twigs  
Nothing, nothing is gonna save us now  
And I wanna fly away
