

# Fishbowl

## Strawhorse

(Verse #1)

Nothin seems to satisfy her appetite for more!  
Spare me the details of the gruesome affection!  
Gives it up to easy, always jonesing for attention!  
Nobody swerves like a smooth on a mission!!!

(Chorus #1)

Put to bed your secrets!  
Come and lay it down with me!!!-(x2)

(Verse #2)

Someone in your family, whispered your confessions!  
I've gotta suffa, her late night obsessions!  
Don't think you can get away with, dirty indiscretions!  
Cause we all live together, in the same fishbowl!!!

(Chorus #2)

Put to bed your secrets!  
Come and lay it down with me!!!-(x2)

(Verse #3)

Nothin seems to satisfy her appetite for more!!!

(Chorus #3/Outro)

Put to bed your secrets!  
Come and lay it down with me!!!-(x4)
