

# Never Knew

[Adriana Evans](#)

## VERSE 1:

After all the crazy things that Iâ€™ve been through,  
Thereâ€™s one thing that I do know to be true; that  
Life is just a mystery, full of clues.  
I followed all the signs and there was you  
We all walk around in our disguise  
Hiding all thatâ€™s true behind our eyes  
I never knew that fate could be so wise  
I NEVER KNEW, Iâ€™d love you!

## VERSE 2:

Sometimes, we dream of what we hope to see  
Does not resemble what is meant to be.  
So, we run around in circles aimlessly,  
Avoiding what is our true destiny.  
We walk with our heads up in the clouds,  
Living our whole lives upside down,  
Searching for what weâ€™ve already found.  
I NEVER KNEW, Iâ€™d love you  
I NEVER KNEW, it would be you

## TAG

Something â€˜bout his man, I canâ€™t understand  
Something in his soul, made me lose control  
Something that he said, went to my head  
I NEVER KNEW, Iâ€™d be loving you  
  
I NEVER KNEW, Iâ€™d be holding you  
Ohhh, Iâ€™d be loving you  
Something â€˜bout your soul, makes me lose control  
Something in your eyes, makes me wanna fly  
Something that you said, made me lose my head  
Something in your soul, turned me into gold.
