

# Canadian Boyfriend

## All Girl Summer Fun Band

Canadian boyfriend, makin' my way up i5  
Canadian boyfriend, its about a 6 hr drive

And I can't wait to see you there

I love the chill that's in the air

And the curls in your hair

Oooo

Canadian boyfriend, for too long I've been away

Canadian boyfriend, today is the day

And I can't wait to see your face

I like staying at your place

And the way you make my heart race

Oooo

Canadian boyfriend, I don't mind making the trip

But Canadian boyfriend, I wanna change my citizenship

And I can't wait to see your friends

Afternoons that we will spend at your house in the west end

Oooo
