

I Can See It (But I Can't Feel It)

My Bloody Valentine

Don't know when
I will leave you again
Grab a reason
And I'm dragging you down Come just to make you happy
Shot in the head, I can see
I can see it
But I can't feel it Don't know when
I will leave you again
Grab a reason
And I'm dragging you down Come just to make you happy
Shot in the head, I can see
I can see it
But I can't feel it
